Product Warranty

Summit Hill warrants that its properly maintained shutters will be defect free in terms of material, construction and workmanship for a period of 2 years. Conditions caused or resulting from accidents, alterations, misuse, abuse and exposure to the elements, fire, flood or other acts of god or improper maintenance are not included. This warranty does not apply to conditions characteristic to the product caused by normal wear and tear upon the product.

Important: Moisture will damage the finish (whether factory or customer-applied) and may cause damage to the wood underneath.

Also note that shutters do not provide a total “black out” of light.

All claims for incorrect or defective merchandise must be made within 5 days of receipt of merchandise. Any errors in the fulfillment of the order, or defects in the product must be brought to our attention before finishing (if ordered unfinished), installation or alteration. Unfinished shutters should be sealed and finished as soon as possible and must be properly stored beforehand. Extreme temperatures and humidity may damage unfinished wood.

Summit Hill, at its discretion, will repair or replace any product determined to be defective by Summit Hill. This warranty does not include any trip charges or costs of labor to remove, reinstall or finish the product.

Please note any shipping damage before signing for a shipment and notify Summit Hill within 24 hours.
